**(816)229-6000 (800)481-3663**

**CONSTRUCTION COSTS effective 1/1/2020**

Construction costs are based on a prepared site. A prepared site includes excavation, electricity on site, water on site, and crushed rock to be placed inside footings.

The basic module includes a square structure with a domed ceiling, plus extra features set forth below. Insulation, waterproofing, drainage and backfill are not included in the construction costs. Listed below are standard features. Other options are available.

<u>Item</u>		(640 SQ.FT.) <u>Cost 24' Module</u>	(870 SQ. FT.) <u>Cost 28' Module</u>
